

Dear Valued Security Chimneys International Customer,

The Ci Type A Vent from Security is being discontinued effective July 1, 2016. The Ci warranty will remain unchanged and replacement parts will be available as required.

The replacement for the Ci line is the DuraTech All-Fuel Chimney. The DuraTech line is a superior replacement and has a larger diameter range, covering more applications than Ci Type A Vent.

DuraTech features include:

- 10" - 24" product offering Listed to UL103.
- Lightweight construction that provides for a quick and easy installation.
- Industry's thickest inner wall construction providing the ultimate protection against creosote fires.

If you have any questions, please contact your Security Sales Manager or Security Customer Service at customer.service@securitychimneys.com or by calling 800-667-3387.
